Editorial:

The article Precious words positions us to see the world in a way that it is meaningful to those who read it. It uses situations that most of us are familiar with and written in a way that we can compare to the world around us. It is simple yet effective.

Precious Words

Prayer is not a "spare wheel" that you pull out when in trouble, but it is a "steering wheel" that directs the right path throughout.

Why is a car's WINDSHIELD so large & the rear view mirror so small? Because our PAST is not as important as our FUTURE. So, look ahead and move on.

Friendship is like a BOOK. It takes a few seconds to burn, but it takes years to write.

All things in life are temporary. If going well, enjoy it, they will not last forever. If going wrong, don't worry, they can't last long either.

Old friends are Gold! New friends are diamonds! If you get a diamond, don't forget the gold! Because to hold a diamond, you always need a base of gold!

Often when we lose hope and think this is the end, GOD smiles from above and says, "Relax, sweetheart, it's just a bend, not the end!

When GOD solves your problems, you have faith in HIS abilities; when GOD doesn't solve your problems HE has faith in your abilities.

A blind person asked St. Anthony: "Can there be anything worse than losing eye sight?" He replied: "Yes, losing your vision!"

When you pray for others, God listens to you and blesses them, and sometimes, when you are safe and happy, remember that someone has prayed for you.

WORRYING does not take away tomorrow's TROUBLES, it takes away today's PEACE.

God Bless you!

Life is a coin, you can spend it anyway you wish, but you can only spend it once.

Human Rights and Vedas

Human rights today, in general, include life, liberty, equality and dignity. These key words today have formed constitution of most countries. The law is developed along this and machinery created for its day to day of running the countries. The roots of these key words are in VEDAS. The directions given in VEDAS in relation to these key words are much ahead of the present times. If only VEDAS were studied by world organisations properly and practised accordingly, the world's situation in regards to dignity and respect to human values would have been much better.

Life:

Life is the most precious gift from God. According to VEDAS books of life guiding human beings how to live in this world and attain peaceful life on earth. VEDAS state that life is meant for purposeful life where humans have goals of righteousness in thoughts, words, deeds, economic prosperity, fulfilment of worldly desires and attaining long lasting bliss. The life is action oriented and one should inspire to live for 100 years. This 100 years should be actioned as always doing righteous work, activities for personnel, society and nation development. Living should be healthy, disciplined and satisfied, free from greed, hatred, tensions and fears. VEDAS clearly directs that nobody has right to cut short the given span of life, either by killing themselves or others. Violence of any sort including animal cruelty is prohibited. Some of the permitted killings are in case of fighting with evil practice, evil forces, and war against enemies of society. Rigveda and Atharvaveda mention seven acts that are considered greatest sin in this world. These are theft, prostitution, killing of wise people, taking drugs, abortion, lying, and repeating bad habits. The VEDAS give prominence (importance) to development of souls in human beings with purity and excellence of mind, intellect, realization and self-confidence. VEDAS require all human beings to be guided by true knowledge and wisdom, so they achieve excellence in all respects. Excellence is necessary for preservation and protection of human values and dignity as human being.

I found this article interesting and thought of sharing.

CLEAN YOUR KIDNEYS

Years pass by and our kidneys are filtering the blood by removing salt, poison and any unwanted entering our body. With time, the salt accumulates and this needs to undergo cleaning treatments and how are we going to overcome this?

It is very easy, first take a bunch of parsley and wash it clean

Then cut it in small pieces and put it in a pot and pour clean water and boil it for ten minutes and let it cool down and then filter it and pour in a clean bottle and keep it inside refrigerator to cool. Drink one glass daily and you will notice all salt and other accumulated poison coming out of your kidney by urination also you will be able to notice the difference which you never felt before.

Parsley is known as best cleaning treatment for kidneys and it is natural!

Havan Yajna Dates and Venue.
